December, 2020

Dear Special Friends,

Hello this afternoon, on **Tuesday, December 1, 2020**, from **Johannesburg, South Africa**, where I'm ministering here, and also in **Pretoria**, for two weeks. I came from **Zambia** a few days ago, where I was ministering for three weeks in different parts of the country.

Thanks for praying for me, and giving your offerings to support the ministry, as I depend on **God** to remind **His** people to be a part of what **God** is doing here in **Africa**. I also continue to pray for you, and **He** brings so many of you specifically to my mind to pray for, as you share with me.

These days, everyone wanting to travel has to have a negative test for **COVID-19**, usually within three days before arrival in another country. So, I'm getting very familiar with the test and the charges, as I travel to the different countries in the ministry!

I'll fly back to **Nigeria**, where I live, in the middle of next week, and be home less than two weeks, then leave for **Ghana** before **Christmas**. I'll have an early **Christmas** with friends in **Nigeria**, and a whole day with a family, including their three children, who have come for **Christmas** for several years now.

Testimonies! Praise **God**, there's always testimonies! A boy in **Zambia** was having very bad pains in his neck and shoulder, till **Jesus** healed him in a service there.

A lady in **South Africa** was very worried, when the house she was renting was sold to a new landlord, who was raising the rent. She was going to look for another house to rent, when the new owner told her the new amount, and it was affordable, praise **God**! He always knows exactly how to meet the needs!

I've been praying for a lady in **Nigeria** for almost two years now, when the doctors told her that she couldn't have a baby. The husband's sperm count was also very low, so there were big problems. God has answered, and she delivered a bouncing baby girl in **November**! They have big smiles, as God changed their story! He can also change yours, for "**with God, all things are possible!**" (**Mark 10:27**)

The printing has finished in **Nigeria**, and my new book, "**My Heart is in Africa,**" is ready! I hope you can get a copy someday! The beautiful, colorful "**Thought for the Day**" **2021 calendar** is also ready, too!

The churches in northern **Ghana** are being built in the villages and towns, as **God** provides. There are several more working hard right now to get land for a church, then having their very regular building fund offerings every Sunday, plus times of fundraising, to get the foundation down, and the walls up.

They do all the work, and pray a lot, to get a roof on the new church building, usually made with mud walls in the villages, and cement block walls in the towns for the bigger churches.

I try to be ready to help as many as possible, as **God** provides, and it's been absolutely amazing what **He** does through the years! **Church No. 94 at Datuko** got the roof on in **November**, and the pastor sent pictures, plus video, of the first **Sunday** service inside! The people were singing and dancing with joy!

Church No. 95 at Kankidina had a big problem, when very high winds destroyed two walls, while they were trying to put the roof on. I've been able to send something to help get them up again, praise God!

In **January**, we'll begin to help more churches, and also have big **Dedication Services** at **Chuchuliga on Jan. 2**; at **Naiyoko on Jan. 9**; at **Yipala on Jan. 12**; at **Gbankoni on Jan. 16**, and at **Kpalsi (Tamale) on Jan. 23**. I wish you could be there with me in northern **Ghana**, for you would be thrilled to see the churches!

Yes, "**D**" is for **December**, but the letter "**D**" is also for **DANCING**, too! May you see **miracles** and **answers to prayers** in this month of **December**, so you'll be **dancing with joy** in **December**! I'm praying that your year of **2020** ends with **singing and dancing**, as you **rejoice in the Lord**, and **welcome 2021!**

MERRY CHRISTMAS and a HAPPY NEW YEAR!

Love, **Doris Hokett**
